PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering student (Data Science & AI) at Dr. M.G.R. Educational and Research Institute, Chennai - expected graduation 2027. Interested in building practical ML models and full-stack software solutions, with hands-on learning and project exposure in Python, JavaScript, React.js, Node.js, Express.js, MongoDB, and data analysis libraries. Active contributor to department events, hackathons, and community outreach initiatives, with demonstrated leadership and public-speaking experience.

EDUCATION

Dr. M.G.R. Educational and Research Institute, Chennai | Expected: 2027

B.Tech - Computer Science Engineering (Data Science & Artificial Intelligence) | 3rd Year

TECHNICAL SKILLS

Languages: Python, JavaScript

Web: HTML, CSS, React.js

Backend: Node.js, Express.js

Databases: NoSQL, MongoDB

Data & BI: NumPy, Pandas, Matplotlib

AI / ML: Machine Learning Fundamentals, AI Automation Workflows

Tools & Platforms: Git, GitHub, Docker, Kubernetes, OpenShift, CI/CD basics

Stack: MERN Stack

ACADEMIC PROJECTS

PPE Detection and Monitoring AI Model | AI / Computer Vision

Tech Stack: Python, OpenCV, YOLO (object detection), NumPy

- Built an AI-based safety monitoring solution for construction and mining environments.
- Detects Personal Protective Equipment - helmets, safety jackets, and other gear - from visual input in real time.
- Supports automated compliance monitoring, reducing manual oversight and improving on-site worker safety.

Edumo - Fun Learning Platform | EdTech / Web Application

Tech Stack: HTML, CSS, JavaScript

- Designed an interactive educational platform combining structured content with activity-based learning.
- Built with a focus on visual learners - simple navigation, engaging UI, and module-based content delivery.
- Aimed at improving learner engagement for school and college-level students.

LICENSES & CERTIFICATIONS

- IBM Full-Stack JavaScript Developer Professional Certificate - IBM / Coursera
- Foundations of Data Science - Google / Coursera
- Data Analytics Job Simulation - Deloitte Australia / Forage
- Java Fundamentals - IBM
- Introduction to Python - IBM
- Software Testing - NPTEL

ACHIEVEMENTS & LEADERSHIP

- Coordinated TechVistra 25 and received a Special Award for outstanding contribution and performance.
- Served as Event Coordinator for an SDG event, handling planning and successful execution.
- Organized and hosted an ISR session on AI and Data Science at Shenoy Nagar Corporation School; received official college certification.
- Served as Master of Ceremony for Audi Fest 26 and YUKTI'26 - INFYNIX National Conference, organized by the Department of Data Science.

PERSONAL DETAILS

Date of Birth: 26 December 2005

Languages Known: Tamil, Hindi, English

Location Preference: Chennai
